Good

Are there any accessories?

Such as eyepieces, case, tripod... please list

Any other useful information?

PHOTOS – Very important!

Please attach photos of the equipment you are selling along with this form.

We suggest that you take a couple of angles and even some close up shots of the equipment -- this will greatly facilitates the appraisal process.

In some cases, it may be difficult to accurately value the used equipment “virtually” so we will contact you to determine how to proceed.

There will be a couple of options:

1. Bring the equipment to the store in person
2. For equipment that we think has a high value, we will arrange for and pay for having it shipped to us (half of the cost of shipping will be deducted from the final value).

We will get back to you as quickly as possible with an offer.

Thank you for taking the time to complete this form as completely as possible.
